

Training Evaluation for PIT STOP training

Venue: The Ministry of Parenting

Date: 27/07/15

What went well?

- *Understanding the training.*
- *All.*
- *The style of the day and being able to go through the manual.*
- *The whole day, well organised and excellent training.*
- *Training session covered all aspects of PIT STOP manual to allow effective implementation, challenging thinking.*
- *Liked different presentation (like desks), got through whole folder, liked having folder at beginning.*
- *Today training went well, Debbi and Jeannie were both very understanding, clear in terms of their delivery, were very focus based.*
- *Going through each session and the quiz at the end.*
- *Learning ways in which to best deliver the programme on a one-to-one.*
- *Great over view, highlighting differences from group programme.*

Where could we improve the day?

- *N/A.*
- *I feel a refresher for STOP training would have been helpful and it was a while ago I completed the course.*
- *At this stage, I don't feel it could be improved. I personally got a lot out of the day and could envisage how this would fit within my work.*
- *More chocolate.*
- *Rushed at end.*
- *Maybe delivered over a longer period to feel we have really grasped the learning.*
- *Not quite long enough, bit rushed at the end, more practice sessions.*
- *Maybe going over 2 days so longer to practice delivering and one to one basis and going through the weekly sessions.*

How will this help in your practice?

- *Deliver to as many families as possible, an amazing tool and learning.*
- *Massive, it is clear and looks easy to follow.*
- *Improve what I have to offer to parent.*
- *STOP has always helped with the families we work with; PIT STOP will enable us to work more effectively on a 1-1 basis.*

- *1-1 based support in family homes to address difficulties with challenging young people.*
- *I work with parents who would find it difficult to attend groups, so individually presenting is great.*
- *PIT STOP will give me more confidence working with my families.*
- *Definitely, can use continually in my direct work with parents at the family centre.*
- *Will hopefully deliver training, already delivering PIT-STOP.*
- *I will be able to use this programme when doing 1-1 parenting work that I do within the family centre.*
